753	K ·	Economic costs of ESRD
785	L ·	Census population

These tables support the graphs and maps in the 2000 Annual Data Report, and provide additional analyses as well. The analytical and statistical methods used in these tables are discussed in Appendix A. All data included here, as well as related information, can be viewed and downloaded at [www.usrds.org](http://www.usrds.org).
