

ACKNOWLEDGMENTS

Most of the original data for the USRDS are provided by the Health Care Financing Administration through the Interagency Agreement between the NIDDK/DKUHD of the National Institutes of Health, and the Bureau of Data Management and Strategy of the Health Care Financing Administration.

The U.S. Renal Data System offers its most grateful appreciation to everyone who helped to make this **USRDS 1995 Annual Data Report** a reality, especially all the ESRD professionals and Networks on whose reporting of data this enterprise ultimately rests.

Lawrence Y.C. Agodoa, M.D.
USRDS Project Officer
NIH/NIDDK/DKUHD

Philip J. Held, Ph.D.
Director, USRDS Coordinating Center
The University of Michigan

Friedrich K. Port, M.D., M.S.
Deputy Director, USRDS Coordinating Center
The University of Michigan

SUGGESTED CITATION

The suggested citation for this report is as follows:

U.S. Renal Data System, **USRDS 1995 Annual Data Report**
The National Institutes of Health, National Institute of
Diabetes and Digestive and Kidney Diseases,
Bethesda, MD, April 1995.

Publications based upon USRDS data reported here or supplied upon request must include the citation as noted above and the following notice:

The data reported here have been supplied by The United States Renal Data System (USRDS). The interpretation and reporting of these data are the responsibility of the author(s) and in no way should be seen as an official policy or interpretation of the U.S. government.

The USRDS would like to thank the members of the Biomedical and Economic Scientific Advisory Committees who generously donated their time to a peer review of this 1995 Annual Data Report.
